

COMMERCIAL.

The river is in fine navigable order, now falling slightly.

The Leo has returned with freight, and left again Saturday on her way up.

The "Little Stewart" made her first trip up the river, and arrived and left here Sunday last. We suppose she has not determined whether she will run regularly in this trade.

The very superior boat John H. Bills, Capt. Frisbee, touched at our landing on Sunday, on her way up. She brought a considerable quantity of freight to this place—whether she will run regularly in the trade we are not informed.

The Belmont passed up Thursday—freighted chiefly for Belmont. The 10 is above.

Meat and almost every article of produce, unusually scarce.

NEW YORK WEEKLY TRIBUNE.

PROSPECTUS. THE Publishers of THE NEW YORK TRIBUNE, encouraged by the generous patronage and hearty approval which has been extended to their Daily paper, since its establishment, and which already renders it the second in point of circulation in the city, propose to publish, on and after the 19th

day of September, a WEEKLY edition,

on a sheet of mammoth size, excluding all matter of local or transitory interest, and calculated mainly for Country circulation.

THE TRIBUNE—whether in its Daily or Weekly Edition—will be what its name imports—an unflinching supporter of the People's Rights and Interests, in stern hostility to the errors of superficial theorists, the influences of unjust or imperfect legislation, and the schemes and sophistries of self-seeking demagogues. It will strenuously advocate the PROTECTION of AMERICAN INDUSTRY against the grasping and to us blighting policy of European Governments, and the unequal competition which they force upon us, as also against the present depressing system of State Prison Labor; it will advocate the restoration of a sound and uniform NATIONAL CURRENCY; and urge a direct but determined prosecution of Internal Improvement. The Retrenchment, wherever practicable, of Government Expenditure and of Executive Patronage, will be zealously urged. In short, this paper will faithfully maintain and earnestly advocate the Principles and Measures which the People approved in devolving on Whig Statesmen the conduct of their Government.

But a small portion, however, of its columns will be devoted to purely Political discussions. The proceedings of Congress will be carefully recorded; the Foreign and Domestic Intelligence will be early and lucidly presented; and whatever shall appear calculated to promote Morality, maintain Social Order, extend the blessings of Education, or in any way subserve the great cause of Human Progress to ultimate Virtue, Liberty and Happiness, will find a place in our columns.

THE WEEKLY TRIBUNE will be published

every Saturday morning, in quarto form, on a very large imperial sheet, (31 by 32 inches,) and afforded to subscribers at TWO DOLLARS a year. Six copies will be forwarded a year for TEN DOLLARS. Ten copies for FIFTEEN DOLLARS, any larger number in the latter proportion. Payment in advance will be invariably required, and the paper stopped when ever the term of such payment expires. Subscriptions are respectfully solicited by GREELY & McELRATH, 30 Ann-st

A NEW SERIES OF TEMPERANCE TALES.

By T. S. ARTHUR, author of "Six nights with the Washingtonians," &c. The extensive, and still increased sale, and the wide spread popularity of Mr. Arthur's "Six nights with the Washingtonians," and the urgent entreaties of many distinguished leaders in the Temperance cause, have induced the Subscribers to make an arrangement with that admirable writer to furnish another series of Tales from real life.

These Tales will be published in sixteen weekly numbers, at the low price of six and a quarter cents per number, neatly stitched up in handsome covers suitable for preservation. To those who have read the former series of Mr. Arthur's Temperance Tales, it need not be said that the forthcoming series will be not only deeply interesting, but will be calculated to do immense service to the great cause which they are designed to promote. Like the "Six Nights with the Washingtonians," the subject will be drawn from real life, and it will be the object of the Author to depict the horrors of drunkenness in all its varied & appalling forms, as exhibited in different classes and conditions of society, as well as to show the remedial means which Temperance associations furnish.

In accomplishing this object, Mr. Arthur will bring to his aid the same acute observation; the same truthful delineation, the same clearness of narrative, and the same lofty morality, which have marked his former productions; and it may be confidently predicted that, through the influence he will thus exercise, many an inebriate will be rescued from the fangs of the destroyer.

The price of these Tales is purposely made very low, that they may be brought within the reach of all persons, and it is confidently hoped that all who desire to see the Temperance cause flourish will aid in their circulation. Address, postage paid, GODEY & MICHAEL, Publisher's Hall, 101, Chesnut St.
